Onslow, Sept. 7th, 1859. Dr. R. W. WARD, Sec'y.

The Newbern Progress in copying an article from the Wilmington Journal on the subject of the recent Congressional election and the causes of our defeat, says:

"The Democratic party which has done much to weaken the old liners—those who have been here in the democratic party are not willing to see those who have stood by the colors through good and evil report sacrificed or thrust aside for renegade whigs or ex-know-nothings. In plain English, a large portion of the deniable to see why such men excite the anger of Mr. Holden, who have stood by the party for twenty years, and who done more than any other two men to give it its first victory in 1850, should be set aside for the promotion of the janus-faced Clingman—a tricky politician who labored against the party as long as the opposition could give him place, and who only came to the democratic front for bargain or place. But March, 1861, will see his star go down. We may resume the subject."

We are not positively certain what may be the politics of the "Progress." We have not the pleasure of an exchange with it. This extract we find copied into the Raleigh Register, where it might very well have originated. The publication of such paragraphs is an odd trick of the enemy, and excites the indignation among prominent members of the Democratic party, that they—the opposition—may reap some advantage from it.

We would not notice this attack were it not that it seems to be part of a systematic effort to prejudice Mr. Clingman in the eyes of the party and to hold him responsible for the result of an election which he had no power to control.

There is, however, a still more objectionable purpose apparent throughout the whole of this precious paragraph. It is very plain that the person for whom the Progress speaks is attempting to make a "bargain" for Mr. Clingman's place, and hopes to trade by arraying the friends of the latter against the friends of the former, by Democratic papers and Democratic means have already thrown the Democratic ranks into confusion. The Progress, instead of attempting to restore order, raises its voice higher above those who are striving to quiet the personal rivalries and jealousies which have had so disastrous an effect in the Democratic ranks, and attempts to array leading men in the party against each other.

Mr. Holden has always been regarded in this section as friendly to the promotion of Mr. Clingham. Mr. Holden's ability, his services to the party, are certainly acknowledged and appreciated in this section of the State, and we entertain a proper opinion of him and desire justice to him. He supports the Union and its institutions, that they and their friends failed to support the Democratic candidate in the recent election, because neither of them had been promoted to the position now occupied by Mr. Clingman. Is it true, as asserted by the Progress, that the "old liners" of the Democratic party refused to vote with the party in the recent election? Did they refuse to support the Union and its Senate? Is that the cause of Dr. Shaw's defeat in the 1st District? Was it the cause of Mr. Seales' defeat in the 6th District? Did this feeding produce the result in Mr. Gilmer's District and increase his majority more than a thousand votes? Any one who will look at the returns in these Districts who have seemed enough to understand the charge of political manipulation will see at once that the charge of the Progress against Mr. Holden and Gov. Reid and their friends, that they deserted the Democratic party in the late election because of Mr. Clingman's promotion to the Senate, is a silly calumny.

SANDS' SARSAPARILLA.
As a Purifier of the Blood is Unrivaled.

This preparation has now become the only acknowledged one that can be relied on for the removal and cure of all diseases originating in the impure state of the blood and skin. Other fluids. The great medicinal virtues of Sarsaparilla are well known and appreciated by physicians and the public, by which the curative properties of the Sarsaparilla compounds, some being almost inert, has often prevented their prescribing it. This medicine is prepared upon an elaborate chemical process, by which the curative properties of the Sarsaparilla are extracted, and these are then combined in an admixture with other alternative remedies, producing the most powerful and reliable purifying preparation that has ever been employed in medical practice.

MARRIED.

At the residence of Mr. Robert Wilson, on Tuesday evening, 30th of Aug., 1859, by Rev. L. Herring, Esq., Mr. MATHEW CRUMPLEY, to Miss SILVANIA DUDLEY, daughter of Wm. C. Dudley, all of San Francisco County.

At the residence of Mr. J. H. Herring, Esq., of Wilmington, N. C., of H. Vinton, Mr. SAMUEL D. ALLEN, of Rev. Dr. Alexander and Miss MARY CHANDLER, daughter of Edward B. Harris, Esq., of New York.

In Washington, N. C., on Thursday morning, the 5th inst., by Rev. W. E. Pell, Rev. THOMAS GUTHRIE, of the North Carolina Conference, to Miss EMILY F. ROBBINS, of that place.

DECEASED.

At Petersburg, Va., Sunday, 1 o'clock A. M., Mr. THOS. S. ASHE, aged about 40 years.

Mr. Ashe was a son of the late Col. Sam. Ashe, of Revolutionary memory, and grand son of Gov. Sam. Ashe. Improvised in early manhood by an unlucky speculation, Mr. Ashe became one of the earliest emigrants to California. With but one object in view—home—as the reward of his exiles—Mr. Ashe, in a few years, had accumulated a small fortune for his purpose. He was rapidly laying the foundation of an estate, when stricken with a premature death. Chased by the trials and hardships of his life, he had much sympathy for the poor. He had a vigorous intellect. He was social in disposition, and such was the "bonhomie" of his manners, that he made friends of all he met.

In this county, on the 7th inst., JESSE COWAN, son of Robert N. and Hester T. Bowden, aged 3 years, 5 months and 1 day.

"I will not weep, my boy, for thee,
Though thou wert all the world to me;
To strive, like me, for bread and pain,
I will but close that still bright eye,
And bid that brow no pale and high,
And those pure lips, whose tones divine
Caught their first notes, first prayers from mine
And fold thee to this bosom lone
Which thou hast left to me thine own
And thus implore the God who takes;
To help the heart thine absence breaks;
To lead thee to heaven's home, and home,
And therefore should thy parent mourn,
Perhaps in mercy He reproved
Thee, that thou shouldst ever be had none."
"I'll mourn no more, my God thou know'st
The wealth my stricken heart has lost!"
When I parted from my parents here,
Departed this mortal life a few days ago, near Magnolia, Duplin county, Mrs. ELIZABETH BRADSHAW, wife of Ebenezer Bradshaw, aged about 31 years, leaving a husband and three children.

THE GREAT WONDER
OF THE NINETEENTH CENTURY.
PROFESSOR WOOD'S
HAIR RESTORATIVE
Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair restorative. Such evidences must have its effect, when coming from a person of the high standing of Dr. Wood, and the Dr. needs no encomium nor useless puffery from the press:
BATH, MAINE, Jan. 20, 1858.
Professor O. J. Wood & Co.:
GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I have procured a number of bottles, and used here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the restorative, and I believe it will do you good, and to preserve the beauties of nature in others as well as myself. I am, truly yours, **A. C. RAYMOND.**
BATH, ME., Jan. 20, 1858.

WOOD'S HAIR RESTORATIVE.
Professor Wood—Dear Sir: Having had the misfortune to lose the top portion of my hair, from the effects of the yellow fever, I procured a number of bottles of your hair restorative, and used it for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the restorative, and I believe it will do you good, and to preserve the beauties of nature in others as well as myself. I am, truly yours, **A. C. RAYMOND.**
